

UKGlobal Bristol (UKGB) are proud to be the approved and recommended insurance broker for RPSA, providing Professional Indemnity Insurance (PII) cover for their members

We have a proven track record in helping RPSA members. Here's what some of them had to say about us:

Alex was diligent and professional from start to finish. Due to an oversight with our previous brokers, I contacted UKGB with only a week before our insurance renewal was due. I had a response to my initial enquiry within a couple of hours and favourable terms within 2 working days. Time was taken to explain the terms offered and being a relatively new business this proved invaluable. Our premium was highly competitive saving us a substantial amount on our renewal quotation from our previous broker, and I feel assured that we have got the cover we need for the coming year. Would highly recommend.

RPSA member - Surveyor - Hampshire

I found UKGB through the RPSA open day and found them to be incredibly helpful from the start. They have a common-sense based approach to PI Insurance which is incredibly refreshing and I found you can have a reasonable conversation with them about any aspect of the policies. Very competitive prices and easy to deal with. Would highly recommend. Alex made the process very user friendly, straightforward and quick to complete, without the need for reams of forms to be filled in. My existing renewal quote was also halved.

RPSA member - Surveyor - East Sussex

As a newly qualified residential building surveyor, I was looking for a clear steer on Professional Indemnity insurance and public liability insurance; I noted that UKGB was the RPSA's current recommended insurance provider. I wanted a competitive price and sensible cover and found Alex Porter and the team at UKGB very helpful in assisting me with obtaining the insurance cover I needed. I highly recommend.

RPSA member - Surveyor - West Sussex

Our specialist Professional Risks team provide insurance solutions for a wide range of traditional and emerging, professional businesses. We have a wealth of knowledge in Professional Indemnity, Directors & Officers Liability insurance and Cyber and Crime Liability insurance.
